

Job Announcement: Market Information Manager

Cash Grain Bids, Inc. (<http://www.cashgrainbids.com>) is a fast-growing market intelligence service for grain traders. We create tools and intelligence deployed to a client-base that ranges from farmers to multi-national trading firms. Our approach is to continually utilize new technologies and methods to make our clients more competitive.

We are recruiting for the full-time position of **Market Information Manager**

The Position. The Market Information Manager (MIM) serves as the central manager for CGB's core data on cash grain markets. Job responsibilities include:

- managing the 12-plus members of our data collection team that retrieve, enter, and edit over 50,000 prices every day.
- creating and maintaining back-office analytical tools that assure the quality and accuracy of our data.
- working with the over 3,500 grain buyers around the country to assure that their data is being collected in a timely and efficient manner
- servicing client requests for historical data series and analyses.
- developing analytical and data tools that help serve our mission of "Helping Our Clients Be Better Traders."

Skills & Qualifications. Candidates must have extensive computer experience and a strong capacity to learn new technologies, especially in the field of databases (ACCESS, SQL) and lower-level software like Excel. Experience in programming through Visual Basic, VBA, Javascript a plus, but on-the-job training is expected. Communication skills as a Manager of employees and with clients are extremely important, as is the ability to have great attention to detail and organization skills. Further skills and qualifications through education or job experience are outlined below:

- Bachelors or Masters Degree in a business/quantitative field such as economics, finance, statistics.
- Database skills such as writing queries, stored procedures, etc
- +3 years of work experience or demonstrated excellence in an academic setting
- The ability to think independently and a desire to innovate
- Strong communication skills to work with employees and a sales contact person for clients.

Cash Grain Bids offers a competitive wage, health benefits, and a collegial work atmosphere. We think creatively, we innovate continuously, and we are never satisfied with where we are at. You should have a similar spirit if you want to make a successful career with our organization.

To apply, please submit the following information by email:

- (1) A cover letter fully outlining your skills, traits and qualifications for this position.
- (2) A brief resume (no more than 2 pages) which details your work, college course work and grades, and up to 3 contacts for references.
- (3) Official transcripts from college course work.
